

## **BVLD Registration Information: Spring 2023**

Thank you for registering for the 2023 Spring Session.  
Here are some important bits of information:

### **\*\* Our Covid & General Health Protocol confirmed Nov. 26, 2022**

Members are strongly encouraged to be vaccinated, wear masks as appropriate, and maintain safe social distancing.

Class size limits are 25 dancers to allow appropriate distancing.

Proof of vaccination is no longer required.

Mask wearing is voluntary unless specifically required by Public Health or contract terms for leased space.

All members are requested to respect the mask wearing choices of fellow dancers.

These guidelines are subject to change if required by Public Health guidelines lease arrangements.

### **\*\* First Time Club Members**

First time Club members are welcome to join Level 1.

Please do not sign up for additional classes until you have completed Level 1.

It is our experience that this contributes to a dancer's overall success.

We will send you an email with lots of info after you register.

### **\*\* Moving up**

Our aim is to have fun, no matter your dance level.

If you are considering moving up, **please read the guidelines** under the Registration tab.

### **\*\* Keep up to date**

Our website [www.BVlinedance.org](http://www.BVlinedance.org) has loads of information.

Monitor it weekly for the latest club news.
